

# PARKING ADVISORY BOARD

## Powers & Duties

The Parking Advisory Board is established for the purpose of advising the city council of the City of Anoka

The Parking Advisory Board shall make studies, surveys, and investigations which will provide a foundation of research and fact for the board to give advice and recommendations for policies and actions regarding rates, location, and capital improvements of existing and future public parking facilities in the city. The board also may advise the council regarding policies and actions regarding requirements for private parking facilities in the city

Review requests for placement of all traffic related signs within the city and make recommendations to the city council.
